# DAY 2 PROGRAMME (JUNE 12, 2013 – WEDNESDAY)

## GUIDED ACTIVITIES & GAMES

### **Guided tour to the Human Anatomy Museum**

Come and visit the human anatomy museum to witness all the organs in your body. Each guided tour will take about 30 minutes and onsite registration is required.

**Start time:** 0900, 1000, 1100, 1200, 1300, 1430 and 1530

**Venue:** Human Anatomy Museum

**Target audience:** All

**Organised by:** Dept. of Human Anatomy, UPM

### **Building the Brain (for kids)**

[\(Source of the image\)](#)

'Building The Brain' is an event led by anatomists and medical students of the Asian Medical Student Association (AMSA)–UPM. It is a fun yet educational event that allows students and parents to explore the wonders of Neuroworld. Each guided session will take about 1 hour and onsite registration is required.

**Start time:** 0900, 1030, 1200 and 1430

**Venue:** Human Anatomy Museum

**Target audience:** 7–10 years

**Organised by:** Dept. of Human Anatomy, UPM, and Asian Medical Student Association (AMSA)–UPM

### **Building the Brain (for teenagers)**

# DAY 2 PROGRAMME (JUNE 12, 2013 – WEDNESDAY)

## GUIDED ACTIVITIES & GAMES

### *Little Brain Bees*

[\(Source of the image\)](#)

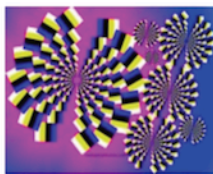

"Little Brain Bees" session is organised specially for kids ranging from 4–6 years. Please be noticed that the parents may need to bring over some colouring materials (colour pencils or crayons) for a colouring activity. Colouring materials will be provided as well. We have also prepared something fun for this group of participants and we will keep it as a surprise at the moment. There will be only 2 sessions organised for the day. Each session will take about 1 hour and onsite registration is required. Please come in early to avoid dissatisfaction.

**Start time:** 0900 and 1100

**Venue:** Human Anatomy Museum

**Target audience:** 4–6 years

**Organised by:** Dept. of Human Anatomy, UPM, and Asian Medical Student Association (AMSA)–UPM

### *Mind Challenge Competition*

This is a competition organised by students of Neuroscience Research Cluster. The competition will be open for all. There will be a series of challenges, puzzles and games designed to challenge the mind of the participants. Each participant will be given a certain time limit for each game station and the points collected from all the station will be tabulated and the team with the highest points will emerged as champion. The challenge selected will be fair to everyone without any advantage of age or knowledge. In addition, the game stations will also be open to public at all time except at selected hours. So everyone is welcome to compete or enjoy the challenges with friends throughout the day. Onsite registration is required.

**Time:** Running continuously from 1000 to 1400. Resume at 1430 until 1530.

**Venue:** Foyer of the faculty.

**Target audience:** All

**Organised by:** Students of Neuroscience Research Cluster, UPM

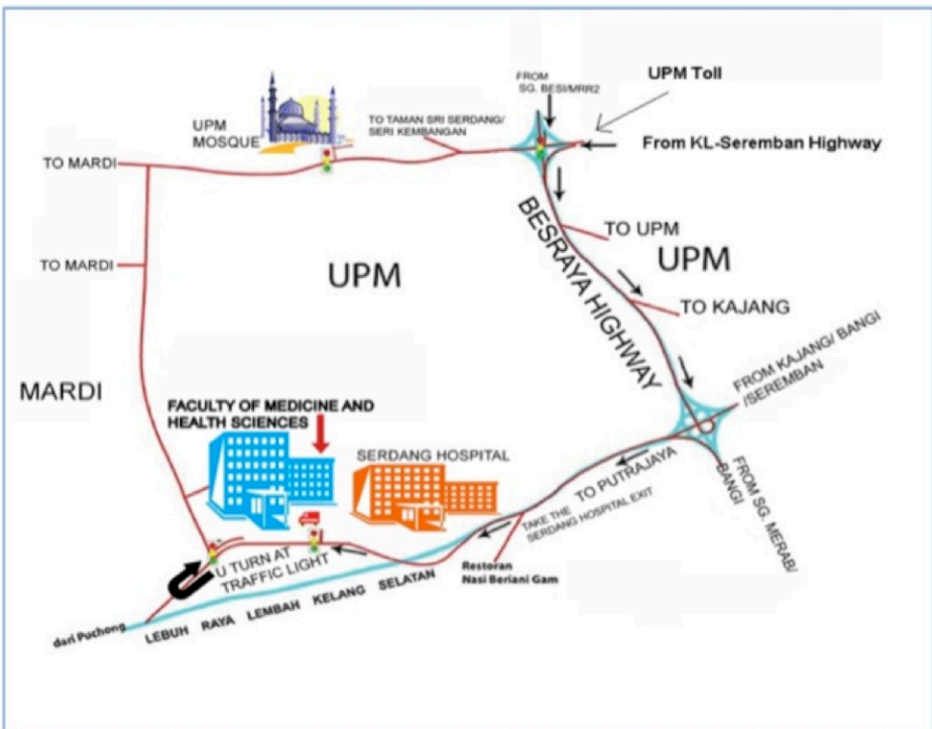

## AWARENESS / EDUCATIONAL TALKS

Following awareness / Educational talks have been organised for all audience / participants:

- Managing Stroke Patients – *To be updated*
- Healthy Foetal Brain Development during Pregnancy – *To be updated*
- Understanding the Mysterious Human Brain and Alzheimer's Disease by *Dr. Cheah Pike See*
- A Dose of Music a Day Keeps Pain at Bay by *Dr. Sharon Chong*
- Science Rocks!!! by *Associate Professors Dr. Abhi Veerakumarasivam & Syahrilnizam Abdullah*

# HOW TO GET THERE?

The fair will be held at the Faculty of Medicine and Health Sciences, Universiti Putra Malaysia, 43400 UPM Serdang, Selangor, Malaysia (located next to the Serdang, Hospital). There are signs on the road guiding you to the seminar venue. Look for the little signage with "NEUROFAIR 2013" and follow its direction.
